This document provides you with key investor information about this Fund. It is not marketing material. The information is required by law to help you understand the nature and the risks of investing in this Fund. You are advised to read it so you can make an informed decision about whether to invest.

FP Foresight UK Infrastructure Income Fund, a sub-fund of FP Foresight OEIC
Class A Accumulation Shares (GBP) (ISIN GB00BF0VS922)
Class A Income Shares (GBP) (ISIN GB00BF0VS815)

The Fund is managed by FundRock Partners Limited.

Objective and investment policy

- Objective:**

The investment objective of the Fund is to generate income and preserve capital with potential for capital growth.
- Policy:**
 - The Fund will invest primarily in GBP denominated, LSE-listed closed-ended investment trusts, REITs and ETFs which are invested in UK companies and assets domiciled, incorporated or which have a significant proportion of their business in the UK. The Fund may also invest in collective investment schemes, equities, other transferable securities, bonds, money market instruments, deposits, cash and near cash.
 - The Fund will comprise of a range of infrastructure investments with a focus on the stability and security of quarterly distributions. The Fund will be actively managed with a view to maximising income over the long term.
 - The portfolio will be constructed to achieve diversification across a broad range of UK infrastructure sectors but in certain circumstances may also have up to 20% global exposure.
 - On giving 60 days' notice to shareholders, the Fund may, in addition to its other investment powers, use derivatives and forward transaction for investment purposes and borrowing under the terms of the Regulations. Use of derivatives may change the risk profile of the relevant Fund.
 - The Fund will be managed in a manner that maintains eligibility for ISAs.
- Benchmark:**

Given the specialist mandate of the Fund, the ACD does not consider that there is a representative index or sector that can be used as a benchmark. Investors should assess performance by comparing the annual yield of the Fund against an expected annual yield of 5%. The expected annual yield is not a target and does not constrain the make-up of the portfolio of the Fund. It is only used to assess the performance of the Fund.
- Other information:**
 - You can buy and sell shares between 9am and 5pm on most business days when the London Stock Exchange is open for a full range of services.
 - The Fund's base currency is Pounds Sterling.
 - We carry out investors' requests, to buy, sell or switch, at midday on each business day (which excludes UK public holidays). If we receive a request after midday, we deal with it on the next business day.
 - If you hold accumulation shares, income from investments in the Fund will be rolled up into the value of your shares.
 - If you hold income shares, income from your investment is paid out to you four times a year.
 - Investment in the Fund should be regarded as long-term, which is upwards of 3 to 5 years. This Fund may not be appropriate for investors who plan to withdraw their money within 5 years.
 - There can be no guarantee that the objective of the Fund will be achieved.
 - On encashment, particularly in the short-term, you may receive less than the original amount invested.
 - Charges applicable to the Fund accrue daily, therefore an equivalent rise in the value of shares is required before the original investment can be recovered.

• This indicator above is not a measure of the risk of capital loss, but an estimated measure of the Fund's price movement over time. It is based on historical data, and thus may not be a reliable indication of the future risk profile of the Fund.

• The risk category shown is not guaranteed to remain unchanged and may shift over time.

• The lowest category does not mean 'risk free'.

• The Fund appears as a '4' on the scale. This is because it invests in the infrastructure industry and the Fund's simulated and/or realised return has experiences high rises and falls historically.

• The risk indicator is not related to the risk scale number of the Fund.

obligations, it may expose the Fund to financial loss.

- Infrastructure companies may be subject to a variety of factors that may adversely affect their business or operations, including high interest costs in connection with capital construction programmes, high leverage, costs associated with environmental and other regulations, the effects of economic slowdown, surplus capacity, increased competition from other providers of services, uncertainties concerning the availability of fuel at reasonable prices, the effects of energy conservation policies and other factors.
- Changes in exchange rates may mean the value of your investment goes up and down.
- Certain securities could become hard to value, sell at a desired time and place, or cease to trade altogether.
- The Fund's portfolio will be focused on equities and collective investment schemes within the UK Infrastructure Sector. Whilst increasing the potential reward, the nature of a more focused portfolio can increase risk. As such, the returns may be more volatile and will be impacted more by fluctuations in the value of underlying stocks in the UK Infrastructure Sector.

The indicator does not take into account the following risks of investing in the Fund:

- The Fund relies on other parties to fulfil certain services, investments or transactions. If these parties become insolvent and fail to meet their
